Bob – long story short, the vendor I need to issue payment to will not re-rerun the CC. They are requesting either a check or wire transfer in order to complete the order (this is for GSP trash bags and we're running extremely low).

It's been pulling teeth with them and at this point I'd just like to get the bags ordered for the Clean Team. Please find attached the wiring instructions as well as a sales receipt for the cost to be wired directly to Caltex. Would you be able to make this transaction today?

Let me know and thanks for the assistance. Apologies on the inconvenience.

Bob – forgot to ask, do we have low balance thresholds setup to be emailed or text to either you or Jessica when we get below, for example, a \$2K balance?

Re: South Park BID Trash Bag Order

Marcus attempted to initially set this up but does not have access to the system to do this.

THX.

Bob / Jessica – the CC ending in #4984 has been declined for the below order. I'm thinking the logic behind it is due to the order total being roughly \$3.9K and potentially hitting the \$5K limit?

Any input here would be greatly appreciated. THX.

Sorry for the delay. While I wasn't able to get a specific date, I was told that we should be able to have this available for will call next week. My accounts receivable did mention though that this would either have to be paid by Credit card in advance or that we a check would have to be available at the time of pick up. Which of the two options would you prefer?

Thanks, would greatly appreciate being kept updated on shipping details.

Trying to think creatively but would there be an opportunity to split up shipping the orders to tie us over when the 5 boxes are out?

Moving forward, I will keep in mind the 2-week turnaround timeframe. THX.

Jack – please submit the following:

100 cases with 200 per case, the cost would be \$36.00 per case.

We only have 5 boxes left and run thru them like water. Any way to speed up the 2 week lead process?

Subject: RE: South Park BID Trash Bag Order

This is not a stock item for us. It is a custom item that we would have to run. There would be a roughly 2 week lead time from when the order is placed.

If we run 100 cases with 200 per case, the cost would be \$36.00 per case.

If we run 200 cases with 100 per case, the cost would be \$34.50 per case.

Please let me know if you have any additional questions or concerns.

No worries on cost increase since January.

Included January's invoice to reference. The only info to be taken from it is the specific product type.

Do you have this product in 100 or 200/box count?

Subject: RE: South Park BID Trash Bag Order

Good afternoon,

Yes I would be the individual who tends to handle incoming orders. Since it has been a bit of time since your last order, I will have to check to see that pricing is still current. Can I please get a small bit of clarification on something. In your email you said 200x 100/box count, but I notice on the order you have attached it is 100 of a 200/cs. Which of the two is accurate?

As for if this will be invoiced or if it needs to be paid in advance with a credit card, I will need to check with my AR department. Unfortunately, they have left for the day and won't return until Monday. I apologize in the delay, but I will have to wait until then to get you an answer back on that.

Jack – was directed in your office to email you directly regarding setting up an order for trash bags. Attached the last invoice from January when we ordered.

Would like to order 200x 100/box count. Please confirm this order.

Let me know if we will receive an invoice for payment or if this is done by credit card.

THX.
